JELL-O JELLY POWDER
10-85g • Assorted

- (4) 3 ounce boxes Jell-O gelatin, assorted colors
- 4 cups boiling water
- (2) .25 ounce envelopes unflavored gelatin
- 2 cups hot water
- 14 ounce can sweetened condensed milk

Dissolve each box of Jell-O into its own individual container, using 1 cup of boiling water per flavor (no more than 1-inch deep.) Chill until solid, about 3 hours or overnight.

Once solid, cut each of the different flavors into small square cubes. Using a 9x13 glass dish, gently mix the cubes together in an even layer (being very careful not to break or tear them.)

In a medium-sized bowl, dissolve 2 envelopes of unflavored gelatin in 2 cups of hot water. Let the hot mixture cool slightly and then whisk in the sweetened condensed milk.

Let mixture cool to the touch, then evenly pour the mixture over the cubes of Jell-O. Chill in the refrigerator overnight.

Cut into squares and serve.
