Product availability, pricing, selection, and promotional offers may vary by store. Please check your local store for availability. Some products may require assembly and delivery lead time. Regular prices shown are Canadian Tire's suggested regular prices and are the prices at which the products will be offered by Canadian Tire as of August 9, 2024. Some Canadian Tire market conditions may cause prices to change without notice. Certain items may be subject to additional fees or charges, including environmental handling or disposal fees, which may vary by Province. For certain promotional items such as but not limited to special buys, clearance and seasonal, shop early for best selection as no rainchecks or substitutes will be given. We reserve the right to limit quantities, to correct typographical, illustrative or pricing errors, and unless otherwise indicated, to offer rainchecks or substitute equivalent products where advertised products are unavailable or in the event of advertising errors. *Triangle Reward members collect \$20 Bonus CT Money in store in addition to the \$30 promo card offer, that's a total of \$50 in value with this offer. Minimum \$200 spend is on the pre-tax amount on the same tender and for a single transaction. \$200 must be spent on items that earn CT Money. Not all items sold at Canadian Tire are eligible to earn CT Money or to be redeemed for. Conditions apply. Visit triangle.com for full program rules and Partner location information. PAYMENT PLANS "No Fee, No Interest" payment plans (i.e. Special payment plans), such as equal payments plans and deferred payment plans, are only available on request, on approved credit and with a Triangle® credit card issued by Canadian Tire Bank. Not available on purchases using a Low Rate Options® Mastercard®. There is no administration fee charged for entering into a special payment plan. Term of the special payment plan is 24 months unless stated otherwise. Minimum purchase of \$150 (unless stated otherwise), excludes gift cards. Interest does not accrue during the period of the plan. However, if we do not receive the full minimum due on a statement within 59 days of the date of that statement, or any event of default (other than a payment default) occurs under your Cardmember Agreement, all special payment plans on your account will terminate and (i) you will then be charged interest on the balances outstanding on such plans at the applicable regular annual rate from the day after the date of your next statement, and (ii) the balances outstanding will form part of the balance due on that statement. Each month during an equal payments plan you are required to pay that month's equal payments plan instalment in full by the due date. Any unpaid portion not received by the due date will no longer form part of the equal payments plan and interest will accrue on that amount from the day after the date of your next statement at the applicable regular annual rate. Offer subject to change without notice.
