‘September is Family Meals Month, a time to celebrate the simple yet powerful act of nourishing your family, one meal at a thyme.’

Whether it's breakfast, lunch, or dinner, sharing a meal with family not only nourishes the body but strengthens the bonds that keep us connected. Family meals don't need to be fancy. Make pizza night a family meal night by topping frozen pizzas with extra vegetables and proteins and serve it with a salad kit for a simple meal with benefits that will go above and beyond the dinner table. 😊
