How to Order:

All the tips and tricks you need to build a board like a pro!

- **Mix and match textures:** Add dimension with hard and soft cheeses, bread and crackers, dried fruits and nuts.
- **Balance flavors:** Opposites attract – combine salty with sweet and spicy with mild.
- **Quantities:** A general rule to follow: offer 3-4 cheeses and 2-3 meats sized about 2-3 ounces per tray. Fill with fruits and veggies, dips, nuts, etc. If this is your main course then double that amount.
- **Add color:** Fruits and veggies bring beautiful color and fresh flavors.
- **Add-ins:** Jams and fruit spreads add sweetness to cheese and crackers. Pickles and olives add salty goodness that pair well with meat and strong cheeses.
- **Get creative:** Add unlikely items like chocolate, marshmallows, or unique fruits and nuts.
