Here's 3 Easy Tips to Start Out Strong in 2025:

1. Focus on Nourishment, Not Restriction: Focus on adding more nutrient dense foods and less about subtracting foods you feel are unhealthy.
2. Small Steps, Big Impact: Having a plan is key to keeping you focused on your goals. Try planning out meals and snacks that incorporate fruits, veggies and high-quality protein to reap the nutritional benefits.
3. Prioritize Self-Care: Remember, wellness isn't just about food—it's about moving your body, managing stress, and sleeping well. 😊
