"Nutrition is the foundation of a successful GLP-1 journey. Prioritize lean protein, dietary fiber, and healthy fats to preserve muscle and protect long term health."

Cecily Martinez, Registered Dietitian

LEARN MORE ABOUT OUR TRENDS

FRESH START *Wellness*

You can start with small, sustainable changes to build momentum

"Eat the rainbow" to get diverse vitamins, minerals, and phytonutrients that support immunity, reduce inflammation, and boost energy.

It's never to late to start pampering your skin- especially in the winter months when your skin is the most driest.

Make simple swaps with snacks or explore our protein powders to help boost your protein intake.

Your home is your sanctuary. Take time to create a space to de-stress and unwind!

Switching to sustainable and eco-friendly cleaning products can reduce exposure to toxic chemicals and are safer for your skin, lungs and eyes.

Reducing added sugar helps boost energy and support heart health. Prioritize whole foods and low sugar swaps to satisfy your sweet tooth!

Introducing Fresh Thyme Pasture-Raised Eggs

PASTURE-RAISED

Hens graze freely on open pasture, producing rich, flavorful eggs with deep-colored yolks.

Regenerative Organic Certified™

FRESH START

Zero Proof. Full Vibe.

Better-for-you beverages to kick off the year right

Today's non-alcoholic beer is all about full flavor and zero compromise. Enjoy the crisp, hoppy goodness whenever, wherever.

Crafted from real grapes and gently dealcoholized, non-alcoholic wine delivers flavor without the fuzz. Perfect for toasting, unwinding, or pairing with any meal.

Made with real botanicals and distilled for depth, non-alcoholic spirits offer all the ritual with none of the buzz.

visit your local store to see what non-alcoholic options are available

The Ultimate Comfort Food

Pair organic artisan bread with one of our organic ready to go hot soups for a healthy, hearty meal to keep you warm this winter!
