Strawberry Cake Roll

Cake Instructions

Preheat oven to 325 degrees F.

In a bowl, stir together milk and vinegar and set aside to sour milk.

In another bowl, whisk together flour, baking powder and salt and set aside. Separately whip four room temperature eggs until light and fluffy. Add sugar and mix well. Add soured milk and vanilla and mix.

Add 1/2 the dry mixture, mix until just combined. Add remaining dry ingredients and mix again until just combined. Don't overmix.

Measure a piece of parchment paper to fit into the bottom of the pan, spray both pan and parchment with non-stick cooking spray.

Pour batter into pan and use an spatula to spread it evenly, to the edges of the pan.

Bake for 14-17 minutes. While cake is baking, spread out a clean tea towel and sprinkle with icing sugar. When cake is done, invert it onto the tea towel (while still hot) and gently peel off parchment paper.

Starting at narrow end, gently and tightly roll the cake and tea towel together up into a roll. Set on a baking rack to cool completely.

Filling Instructions

Wash and slice strawberries into small pieces and mix with Whipped topping.

Gently unroll cooled cake and trim off any overcooked edges, if necessary. Spread filling inside cake and carefully roll cake up again.

Slice into thin slices and enjoy!
